

The Affton Education Foundation has a long tradition of support for the Affton School District and the Affton community. AEF's goal has always been to preserve the district's high educational standards by providing additional classroom resources and support for Affton teachers, and by inspiring more Affton graduates to attend college. We're proud to say that over the past 16 years since the Foundation's inception, we have funded 468 classroom enrichment grant proposals, totaling over \$434,000.00 from teachers at all grade levels.
